# OUR STORY

**"THE MOMENT YOU DOUBT WHETHER YOU CAN FLY, YOU CEASE FOR EVER TO BE ABLE TO ACHIEVE IT" - PETER PAN - J.M BARRIE**

We are a British, family-owned watch brand with one clear mission, helping dreams take flight.

With over 25 years in the aviation industry, aviation has shaped our lives, opening the world to us, introducing us to incredible cultures, and giving us experiences we'll never forget. You could say it allowed us to spread our wings.

When we launched The Flyer Watch Company, our goal wasn't just to create timepieces; it was to build a community. Yes, we want to sell a watch, but more than that, we want our customers to see the real difference their purchase makes. Every watch they buy helps turn someone's aviation dream into reality.

Think back. How many of us, as children, teenagers, or young adults, looked up at a plane taking off, watched a pilot walking through an airport, or saw an inspiring documentary and thought, "One day, that will be me"? For many, that dream never fades. It just gets buried by the realities of life, often because of the cost of flight training.

At The Flyer Watch Company, we want to change that. Through our charitable work with our partners, we help aspiring aviators take their first steps into the skies and begin a journey that could change their lives forever.

And we want our customers to be part of the journey and follow the progress of the people they have helped support and share in the moment their dream takes off.

There are many aviation-inspired watch brands out there, but what makes The Flyer Watch Company different is our commitment to giving back, helping someone else experience just how far a dream can take them.

# WE ARE PROUD TO SUPPORT HELPING DREAMS TAKE FLIGHT

We believe that every purchase should help dreams take flight. That's why we proudly support The Air League, Aerobility and Helping Dreams Take Flight, a charitable foundation dedicated to opening doors in aviation. From funding gliding and powered flying scholarships to providing accessible flying experiences for individuals with disabilities, we give aspiring aviators the opportunity to soar. Every watch you buy contributes to these initiatives, turning your timepiece into more than just a watch — it's a part of someone's journey into the skies.
